MERITS OF SAINTS' HIGHWAY SET FORTH TO TRAVELERS.

MADE THE TRIP IN A DAY

221 Miles From St. Joseph to Des Moines Covered by Auto in Thirteen and a Half Hours.

Why not travel by the Saints' Highway?

The Maryville Commercial club asks the question, and points to the map, while you are trying to find the answer. The map shows the Saints' Highway and all the auto trails of both states, so that local or transcontinental travelers can get an idea of the ways offered.

The Saints' Highway goes through the most fertile land in the United States, and is the shortest route between St. Joseph and Des Moines, if you take into consideration the fact that it is not hilly like the other routes between these points.

Starting from Des Moines on this trail you travel west on Grand avenue and follow the White Pole line west to Menlo, or you can follow the River-to-River road to Adel, then south to Earlham, on the White Pole line, and at Menlo turn south on the Saints' Highway to Greenfield, Orient, Creston, Kent, Lenox, Sharpsburg, and from Bedford you can take your choice of two ways to Maryville; the west route takes you through Hopkins and Pickering, while the east route takes you through Gaynor and Orrsburg. From Maryville you go south to Barnard, Bolckow, Rosendale, Wyeth, Savannah, St. Joseph.

This route has been covered in one day from Rosendale to Des Moines, in a Ford car, by Mr. and Mrs. C. A. Wright and Mr. and Mrs. M. Bradford, on August 29, 1911.

The story of their trip follows:

They started from Rosendale at 4 a. m., going by Bolckow and Barnard, and on to Maryville, a distance of twenty-six miles from the starting point, arriving at 6 a. m.

After looking around Maryville Mr. Wright and party found that they could leave for Bedford, Ia., by one of two routes which start two blocks south of the court house square, on Main street. The west route was chosen by Mr. Wright with the intention of returning by the east route.

He went through the town of Pickering, eight miles north, and from there to Hopkins, twelve miles further on, arriving there at 7:40 o'clock.

After a short stop here the party started east and north to Bedford, thirteen miles distant, reaching that town at 8:30 a. m., and remaining for forty-five minutes.

But suppose the party had chosen the east road? Then the start would have been out of Maryville on First street or the state road, along which the autoists would have spun for eight miles to a school house on the right where you turn north, and following the yellow and white, the official colors of the Saints' Highway for twenty-four miles you arrive in Bedford on the route that Mr. Wright took on his return trip.

Now Mr. Wright is ready to start for Sharpsburg, the home of Mr. Gerloch, the president of the Saints' Highway. Sharpsburg is fourteen miles north of Bedford, and was reached at 9:45 a. m.

Lenox was the next town, ten miles northeast, and was reached at 10:05 a. m. They arrived at Kent, three miles further, at 10:25 a. m., and when they turned her loose for Creston, some eleven miles distant, arrived at 10:50 a. m.

Creston is a very interesting city of

TO MOVE HIS FAMILY HERE.

J. R. Edwards, Foreman of the Post-office Building, Will Live Here Until Completion of Building.

J. R. Edwards, foreman of the post-office building for W. D. Lovell Construction Co. of Minneapolis, Minn., will move his family to Maryville soon from his home at Rome, Ga. Mr. Edwards will be in charge of the work here until the building is completed, which is set by contract for April, 1913.

Mr. Edwards has twenty-two years experience in the construction of buildings, and has had charge of the supervision of the work of a number of government buildings. He has been with the Lovell company for the past few years.

The excavating of the site will hardly be completed this week on account of the old foundation stone wall, which is taking considerable time to tear up.

The stone to be used in the building will be Bedford stone, which will come from Indiana. The brick will come from St. Joseph. Foundation work will start just as soon as the excavation work is finished.

THE SONG RECITAL.

Given by Charles Tingle at Conservatory Recital Hall Tuesday Evening.

The song recital of Mr. Charles Tingle at the Conservatory recital hall last evening was attended by a small but very appreciative audience. Mr. Tingle has a tenor voice of beautiful tone quality, and uses it to the best advantage. Those present were all the more pleased with the program since Mr. Tingle used all English songs. His interpretation of the modern American songs were especially good.

Spross' "Ishtar" probably showed the singer at his best. This selection, together with "I Hear You Calling Me," by Marshall, were the most appreciated by the listeners. The singer rendered three songs of P. O. Landon's composition, all of which were heartily received by the audience. Mr. Landon was at the piano. The program:

Old English songs—The Plague of Love, Mary of Allendale, Phillis Has Such Charming Graces.

American Indian songs—From the Land of the Blue-Sky Water, The White Dawn is Stealing, Far Off I Hear a Lover's Flute, The Moon Drops Low, Cadman.

Modern American songs—The Sweetest Flower, Lullaby, The Wind Went Wooing, in manuscript, Landon; Mammy's Song, Ware; I Hear You Calling Me, Marshall; The Elf Man, Wells; Ishtar, Spross.

Aria—Your Tiny Hand is Frozen, from La Boheme, Puccinnit.

FOR CLARK FUND.

Democrats in the County Should Contribute to the Fund for the Missourian.

Since Champ Clark has carried Nebraska and has a very good chance of securing the Democratic nomination by a little help from his people in his home state, the Democrats in this county should respond and contribute to his campaign fund. Clark is a poor man and the money is badly needed at this time to be used in paying the expenses of speakers in states that will hold conventions or primaries soon.

The following have contributed to the fund, sending their donations in to The Democrat-Forum:

The Democrat-Forum	$10.00
P. J. Hainey, Barnard	2.50
James B. Robinson	1.00
N. S. DeMotte	1.00
Mayor Arthur Robey	1.00
Frank Owens	1.00
George S. Baker	1.00
George B. Baker	1.00

GRAHAM TO CLEAN UP

BOY SCOUTS WILL HAUL AWAY ALL THE TIN CANS.

AFTER THE TOWN BOARD

Women Would Persuade the City Dads to Take a Part in Plans for Beautifying the Town.

The Women's Civil League of the Graham school district held a meeting Tuesday afternoon and organized for its clean-up day in the town. Mrs. John Crawford was chosen chairman of this district at the general meeting of the women of Hughes township, held two weeks ago, when they organized for the purpose of beautifying all of Hughes township and building a new township auditorium at Graham. Other officers for the Graham district were chosen Tuesday as follows: Mrs. H. R. Swank, vice chairman; Mrs. Dan Mowrey, secretary, and Mrs. James Loffer, treasurer.

It was decided to give a social on Saturday night, May 4, for the purpose of raising money to clean off the vacant lots in Graham and make them sightly. The committee accepted the offer of the Boy Scouts of that town to haul away all of the tin cans and rubbish from the town for ten cents per family. The Scouts will use the proceeds toward buying shares in the township auditorium building fund.

A committee was appointed to meet with the town board at its next meeting for the purpose of securing co-operation in the work the women are endeavoring to do for the good of Graham.

A meeting is being held Wednesday afternoon at the home of Mrs. Allen McNeal by the committees of the Miller and Hazel Dell school districts, when arrangements will be made to combine the work of the two.

MANY RESPONDING

CONTRIBUTIONS FROM SEVERAL SOURCES FOR CARL WRIGHT.

WOMEN HAVE TAKEN IT UP

Churches and Sunday Schools Also Planning to Assist—Prospects Good for Raising Money.

The prospects at this time look very bright toward raising the money for treatment for Carl Wright, since many of the women's clubs and Sunday schools over the city have taken the work up for the fund. However, the committee wishes that the general public would respond at once, so the treatment for Carl Wright may start at once.

Nearly all of the Sunday schools over the city will contribute to the fund next Sunday. The North Methodist Sunday school will raise over $75 and the Baptist Sunday school will make an offering on Sunday. The P. E. O. club is to hold a market for the purpose of raising money for the fund, and at the general meeting in May the Twentieth Century club will take the matter up.

The Berean class of the M. E. church, South, Sunday school cleared $4 for the Carl Wright fund Tuesday night with its entertainment in the basement of the church flats. The program opened with several entertainment numbers on Prof. Moore's victrola. The members of the class presented the play "The Little Pilgrim's Progress" in a very creditable manner, and Prof. Moore gave a reading, "The Base Ball Girl." Another reading in German dialect entitled "Hans and Catrina," was given by Prof. L. M. Eek. Master Julian Parvin also gave a reading and sang "May is Coming."

The B. A. club is composed of a company of schoolmates who attended school in Maryville in their girlhood. Mrs. Dunn who was one of the honor guests Tuesday, is a member of the club, so the gathering of the club was more especially for the pleasure of Mrs. Spencer whose husband was a schoolmate of the girls of the B. A. club, whom she had never met but had heard much of. The afternoon was spent with sewing and telling stories of school days that furnished splendid entertainment for two young "daughters of the club." Fourth and Eighth Kansas Districts Favor Ex-President.

CLAIMS CONTROL OF FIFTH ALSO

Forty-One Counties Have Already Selected Representatives for State Convention at Independence in May.

Topeka, April 24.— Roosevelt now lacks less than 100 votes of enough to control the state convention at Independence May 8, with more than one-half the counties yet to hold their conventions.

He carried the fourth and eighth congressional districts and assured his control of the fifth district, which means the six delegates to the national convention from these districts for him. The second had already been carried for Roosevelt, thus giving him eight of the 20 votes from Kansas.

Allen County Also.

In Allen county, the home of Charles F. Scott, which had been conceded to Taft up to the holding of the primaries Saturday, the Roosevelt men controlled the convention and elected the delegates to the state and congressional conventions. Allen county is in the second district. Every county in the district has gone for Roosevelt except Miami, Linn and Anderson, which are yet to hold their conventions.

Barton county, in the seventh district, and Trego county, in the sixth district, both elected Roosevelt delegates.

Roosevelt's total vote now in the number of delegates elected to the state convention is 383. It requires 450 to control and name the four delegates-at-large.

EDITOR ARRESTED FOR MURDER

H. O. Jeffries of the Nowata, Ok., Advertiser Held for Death of Mrs. Irene Goheen.

Nowata, Ok., April 24.—A plaster cost of the footprints of the horse owned by H. O. Jeffries, editor of the Nowata Advertiser, led to the arrest of Jeffries on a charge of having murdered Mrs. Irene Goheen, formerly his advertising solicitor. Shoes worn by his horse exactly fitted the tracks in the mud at the scene of the crime and detectives assert that Jeffries owned the only animal in the community which wore regulation racing shoes. They assert Jeffries was at the home of Mrs. Goheen until 10 o'clock of the night on which the crime occurred.

MAP OF THE SAINTS' HIGHWAY.

SAY IT IS THE BEST

(Continued from page 1.)

7,000 people, has good public buildings, is a railroad center and is progressive in every way.

Mr. Wright stopped here forty minutes for lunch, and after lunch started for Orient, fourteen miles to the northwest. In leaving Creston you go to the fair grounds and go north and west a mile at a time, until you have gone four miles west and then the road leads north into Orient, which was reached at 12:20 p. m.

Greenfield was reached at 12:50 p. m. and is seven miles north of Orient. Mr. Wright stopped thirty minutes in Greenfield.

Thus the run to Menlo was begun, and, after a spin of eighteen miles, the city, which marks the turn to the east, was reached at 2:30 p. m. From this city on Mr. Wright followed the White Pole line to Des Moines, passing through the following towns: Stewart, five miles, at 2:55 p. m.; Dexter, eight miles, at 3:15 p. m.; Earlham, seven miles, at 3:45 p. m.; DeSota, nine miles, at 4:10 p. m.; Van Meter, four miles, 4:20 p. m., and then twenty-one miles to Des Moines, which was reached at 5:30 p. m.

The traveler, however, can choose another route and go north two miles east of Earlham and twenty-nine miles west of Des Moines to Adel, which is on the River-to-River road, and by so doing avoid some very steep hills between Earlham and Des Moines on the White Pole line.

The distance from St. Joseph to Des Moines is about 221 miles, and can be made in a day if one wishes to.

State Highway Engineer Curtis Hill of Missouri says that the road from St. Joseph to Kansas City will be made a rock road this year and will link in with the Saints' Highway, making the best route from Kansas City to Des Moines.

TITANIC LOOKOUT HAD NO SPYGLASS

Evidence Shows Little Attention Was Paid to Safety.

SAILORS WERE INEXPERIENCED

Ismay and Franklin Show Anxiety to Get Away From Committee Conducting Inquiry—Must Stay as Long as Needed.

Washington, April 24.—Like the missing horseshoe nail that cost a monarch his kingdom, the failure to provide binoculars or spyglasses for the lookouts on the Titanic was one contributing cause of that ship's loss and, with it, the loss of more than 1,600 lives.

Two witnesses before the senate investigating committee have agreed on this. They were Frederick Fleet, a lookout on the liner, and Maj. Arthur Godfrey Peuchen, Canadian manufacturer and yachtsman, who was among the rescued passengers.

Fleet acknowledged that if he had been aided in his observations by a good glass probably he could have spied the berg into which the ship crashed in time to have warned the bridge to avoid it.

Asked For and Refused.

It was made to appear that the blame for being without glasses did not rest with the lookout men. Fleet said they had asked for them at Southampton and were told there were none for them. One glass, in a pinch, would have served in the crow's nest.

Maj. Peuchen criticised in strong terms the lack of experienced sailors on board the Titanic. He said that when the call to quarters was sounded not enough of the crew responded to undertake the work required in lowering and filling the boats. Furthermore, he said, no drills had been held from the time the ship left Southampton, although it was customary to hold such drills every Sunday.

No Criticism of Captain.

Maj. Peuchen read a statement in order to make clear his position as follows:

"I do not criticise Capt. Smith, but I do criticise the policy and methods pursued by the company, for I feel sure that in this case caution would have averted a terrible calamity. I have been given credit for saying many things that are untrue, and I wish to state that I have not said any personal or unkind things about Capt. Smith."

The major then was excused.

Officials Want to Leave.

J. Bruce Ismay, managing director of the International Mercantile Marine, and Vice-President P. A. S. Franklin of the White Star line urgently requested the committee to permit them to return to New York.

In executive session at the close of the hearing the committee declined to allow either to leave Washington until he is no longer needed. Mr. Ismay was to have been recalled to the witness stand during the day, but may be recalled later, though that has not been determined.

It was decided also to call on more passenger witnesses until all the British witnesses had been heard. The committee also decided to delay other important business before it until the Titanic inquiry had proceeded further.

WOMEN DROWN FORDING STREAM

Horse and Buggy Found in River Ten Miles Below Crossing Started Inquiry.

Springfield, Mo., April 24.—The discovery of a horse and buggy in midstream ten miles downstream from the James river ford, two and one-half miles east of Ozark, started an investigation which resulted in the finding of the bodies of two women in the swollen waters of the James river early in the morning. Mrs. Sarah Watkins, 79 years old, and daughter, Miss Susan Watkins, 35 years old, attempted to ford the James river late in the afternoon. The horse was rescued. Eight children survive. The daughter was crippled.

ATHLETE KILLED AT PRACTICE

High School Pupil Struck by Discus Thrown by Members of Track Team.

Macomb, Ill., April 24.—John Duncan, 16 years old, a high school pupil, was killed here when he was struck on the head by a discus with which members of the track team were practicing.

Duncan was standing near the ring when another athlete was hurling the weight and watched a boy throw the discus back to the performer. Instead of sailing, the weight turned its flat side toward Duncan and struck him just above the left temple. Duncan had been trying out for a place on the track team.

Fire at Rich Hill.

Rich Hill, Mo., April 24.—Rich Hill had another big fire early in the morning when a part of the lumber yard of S. C. Williamson was consumed. The numerous fires here recently are said by the police to be the work of incendiaries. The Williamson loss is not less than $5,000.

A MEASURE OF MERIT.

Maryville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence.
Convincing evidence in Maryville.
Is not the testimony of strangers,
But the endorsement of Maryville people.

That's the kind of proof given here—
The statement of a Maryville citizen.

J. A. Murphy, 805 East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney trouble and lumbago. I got up in the morning so stiff and lame with such a dull aching across my loins that I could hardly do my work. I suffered a great deal from kidney trouble, whenever I caught cold and the kidney secretions were dark and filled with sediment. My health failed and I was miserable when I read about Doan's Kidney Pills. I got a box of this remedy at Love's drug store (now Love & Gaugh's drug store), and it went at once to the seat of my trouble and corrected it."

MERITS OF SAINTS' HIGHWAY SET FORTH TO TRAVELERS.

MADE THE TRIP IN A DAY

221 Miles From St. Joseph to Des Moines Covered by Auto in Thirteen and a Half Hours.

Why not travel by the Saints' Highway?

The Maryville Commercial club asks the question, and points to the map, while you are trying to find the answer. The map shows the Saints' Highway and all the auto trails of both states, so that local or transcontinental travelers can get an idea of the ways offered.

The Saints' Highway goes through the most fertile land in the United States, and is the shortest route between St. Joseph and Des Moines, if you take into consideration the fact that it is not hilly like the other routes between these points.

Starting from Des Moines on this trail you travel west on Grand avenue and follow the White Pole line west to Menlo, or you can follow the River-to-River road to Adel, then south to Earlham, on the White Pole line, and at Menlo turn south on the Saints' Highway to Greenfield, Orient, Creston, Kent, Lenox, Sharpsburg, and from Bedford you can take your choice of two ways to Maryville; the west route takes you through Hopkins and Pickering, while the east route takes you through Gaynor and Orrsburg. From Maryville you go south to Barnard, Bolckow, Rosendale, Wyeth, Savannah, St. Joseph.

This route has been covered in one day from Rosendale to Des Moines, in a Ford car, by Mr. and Mrs. C. A. Wright and Mr. and Mrs. M. Bradford, on August 29, 1911.

The story of their trip follows:

They started from Rosendale at 4 a. m., going by Bolckow and Barnard, and on to Maryville, a distance of twenty-six miles from the starting point, arriving at 6 a. m.

After looking around Maryville Mr. Wright and party found that they could leave for Bedford, Ia., by one of two routes which start two blocks south of the court house square, on Main street. The west route was chosen by Mr. Wright with the intention of returning by the east route.

He went through the town of Pickering, eight miles north, and from there to Hopkins, twelve miles further on, arriving there at 7:40 o'clock.

After a short stop here the party started east and north to Bedford, thirteen miles distant, reaching that town at 8:39 a. m., and remaining for forty-five minutes.

But suppose the party had chosen the east road? Then the start would have been out of Maryville on First street or the state road, along which the autoists would have spun for eight miles to a school house on the right where you turn north, and following the yellow and white, the official colors of the Saints' Highway for twenty-four miles you arrive in Bedford on the route that Mr. Wright took on his return trip.

Now Mr. Wright is ready to start for Sharpsburg, the home of Mr. Gerloch, president of the Saints' Highway. Sharpsburg is fourteen miles north of Bedford, and was reached at 9:45 a. m.

Lenox was the next town, ten miles northeast, and was reached at 10:05 a. m. They arrived at Kent, 11 miles further, at 10:25 a. m., and from there they turned her loose for Cresston, some eleven miles distant, and arrived at 10:50 a. m.

Cresston is a very interesting city of

TO MOVE HIS FAMILY HERE.

J. R. Edwards, Foreman of the Post-office Building, Will Live Here Until Completion of Building.

J. R. Edwards, foreman of the post-office building for W. D. Lovell Construction Co. of Minneapolis, Minn., will move his family to Maryville soon from his home at Rome, Ga. Mr. Edwards will be in charge of the work here until the building is completed, which is set by contract for April, 1913.

Mr. Edwards has twenty-two years experience in the construction of buildings, and has had charge of the supervision of the work of a number of government buildings. He has been with the Lovell company for the past few years.

The excavating of the site will hardly be completed this week on account of the old foundation stone wall, which is taking considerable time to tear up.

The stone to be used in the building will be Bedford stone, which will come from Indiana. The brick will come from St. Joseph. Foundation work will start just as soon as the excavation work is finished.

THE SONG RECITAL.

Given by Charles Tingle at Conservatory Recital Hall Tuesday Evening.

The song recital of Mr. Charles Tingle at the Conservatory recital hall last evening was attended by a small but very appreciative audience. Mr. Tingle has a tenor voice of beautiful tone quality, and uses it to the best advantage. Those present were all the more pleased with the program since Mr. Tingle used all English songs. His interpretation of the modern American songs were especially good.

Spross' "Ishtar" probably showed the singer at his best. This selection, together with "I Hear You Calling Me," by Marshall, were the most appreciated by the listeners. The singer rendered three songs of P. O. Landon's composition, all of which were heartily received by the audience. Mr. Landon was at the piano. The program:

Old English songs—The Plague of Love, Mary of Allendale, Phillis Has Such Charming Graces.

American Indian songs—From the Land of the Blue-Sky Water, The White Dawn is Stealing, Far Off I Hear a Lover's Flute, The Moon Drops Low, Cadman.

Modern American songs—The Sweetest Flower, Lullaby, The Wind Went Wooing, in manuscript, Landon; Mammy's Song, Ware; I Hear You Calling Me, Marshall; The Elf Man, Wells; Ishtar, Spross.

Aria—Your Tiny Hand is Frozen, from La Boheme, Puccinnit.

FOR CLARK FUND.

Democrats in the County Should Contribute to the Fund for the Missourian.

Since Champ Clark has carried Nebraska and has a very good chance of securing the Democratic nomination by a little help from his people in his home state, the Democrats in this county should respond and contribute to his campaign fund. Clark is a poor man and the money is badly needed at this time to be used in paying the expenses of speakers in states that will hold conventions or primaries soon.

The following have contributed to the fund, sending their donations in to The Democrat-Forum:

The Democrat-Forum	$10.00
P. J. Hainey, Barnard	2.50
James B. Robinson	1.00
N. S. DeMotte	1.00
Mayor Arthur Robey	1.00
Frank Owens	1.00
George S. Baker	1.00
George B. Baker	1.00

GRAHAM TO CLEAN UP

BOY SCOUTS WILL HAUL AWAY ALL THE TIN CANS.

AFTER THE TOWN BOARD

Women Would Persuade the City Dads to Take a Part in Plans for Beautifying the Town.

The Women's Civil League of the Graham school district held a meeting Tuesday afternoon and organized for its clean-up day in the town. Mrs. John Crawford was chosen chairman of this district at the general meeting of the women of Hughes township, held two weeks ago, when they organized for the purpose of beautifying all of Hughes township and building a new township auditorium at Graham. Other officers for the Graham district were chosen Tuesday as follows: Mrs. H. R. Swank, vice chairman; Mrs. Dan Mowrey, secretary, and Mrs. James Loffer, treasurer.

It was decided to give a social on Saturday night, May 4, for the purpose of raising money to clean off the vacant lots in Graham and make them sightly. The committee accepted the offer of the Boy Scouts of that town to haul away all of the tin cans and rubbish from the town for ten cents per family. The Scouts will use the proceeds toward buying shares in the township auditorium building fund.

A committee was appointed to meet with the town board at its next meeting for the purpose of securing co-operation in the work the women are endeavoring to do for the good of Graham.

A meeting is being held Wednesday afternoon at the home of Mrs. Allen McNeal by the committees of the Miller and Hazel Dell school districts, when arrangements will be made to combine the work of the two.

MANY RESPONDING

CONTRIBUTIONS FROM SEVERAL SOURCES FOR CARL WRIGHT.

WOMEN HAVE TAKEN IT UP

Churches and Sunday Schools Also Planning to Assist—Prospects Good for Raising Money.

The prospects at this time look very bright toward raising the money for treatment for Carl Wright, since many of the women's clubs and Sunday schools over the city have taken the work up for the fund. However, the committee wishes that the general public would respond at once, so the treatment for Carl Wright may start at once.

Nearly all of the Sunday schools over the city will contribute to the fund next Sunday. The North Methodist Sunday school will raise over $75 and the Baptist Sunday school will make an offering on Sunday. The P. E. O. club is to hold a market for the purpose of raising money for the fund, and at the general meeting in May the Twentieth Century club will take the matter up.

The Berean class of the M. E. church, South, Sunday school cleared $4 for the Carl Wright fund Tuesday night with its entertainment in the basement of the church flats. The program opened with several entertainment numbers on Prof. Moore's victrola. The members of the class presented the play "The Little Pilgrim's Progress" in a very creditable manner, and Prof. Moore gave a reading, "The Base Ball Girl." Another reading in German dialect entitled "Hans and Catrina," was given by Prof. L. M. Eek. Master Julian Parvin also gave a reading and sang "May is Coming."

TOOK FURNITURE OUT OF HOUSE.

Miss J. R. Brink entertained the members of the B. A. club Tuesday afternoon, in compliment to her sister, Mrs. S. S. Dunn of Bolckow, and her sister-in-law, Mrs. J. [illegible] Spencer of Joseph. The B. A. club is composed of a company of schoolmates who attended school in Maryville in their girlhood. Mrs. Dunn who was one of the honor guests Tuesday, is a member of the club, so the gathering of the club was more especially for the pleasure of Mrs. Spencer whose husband was a schoolmate of the girls of the B. A. club, whom she had never met but had heard much of. The afternoon was spent with sewing and telling stories of school days that furnished splendid entertainment for two young "daughters of the club." During the business session the members voted to hold a miscellaneous market at the Bee Hive shoe store, Saturday, May 4. The chapter also decided to make an offering to the Carl Wright fund, and Mrs. M. G. Tate and Mrs. C. C. Corwin were appointed a committee to have charge of the matter. Miss Calla Varner was initiated into the chapter. Mrs. W. A. Miller was elected corresponding secretary to take the place of Mrs. Lafe Allender, who leaves soon for her new home in Atlantic, Ia., and Mrs. Tate was appointed journalist. Miss Carrie Hopkins, in behalf of chapter L, presented Mrs. Allender a hand painted P. E. O. plate, the emblem of the chapter decorating the center and the rim of the plate having a border of marquisettes, the P. E. O. flower. Mrs. Fletcher Irwin of Chicago, who is the guest of Maryville relatives was a visitor at the meeting. Following the business session a social hour was enjoyed when refreshments were served. The next meeting will be on May 11 with Mrs. M. G. Tate.

Surprised Their Teacher.

Class No. 8 of the First Presbyterian church Sunday school gave Mr. and Mrs. George W. Demott a pleasant surprise Tuesday night. Mr. and Mrs. Demott and their family have just settled in their nice new home, on South Fillmore street, and the party was a good old-fashioned house warming. The guests were members of Mr. Demott's Sunday school class and a few of their friends. All gathered at the home of Mr. and Mrs. F. M. Petty and went together to the Demott home, taking chairs and tables for the games that had been left at a neighbor's home, and found themselves wholly unlooked for, but entirely welcome. After progressive dominoes, a musical program was presented, Miss Lillian Lindholm giving several piano numbers and Mr. Roland Murray singing "Annie Laurie" and Mr. Fred Lewis "Love's Old Sweet Song." Mr. W. G. Sawyers, on behalf of the class, presented the host and hostess a hand painted berry set and tankard. Mr. Demott responded with appreciative words. The members of the class present were Rev. and Mrs. S. D. Harkness, Mr. and Mrs. Roy Curfman, W. H. Allen, Mr. and Mrs. Leslie D. Giffin, Mr. and Mrs. F. J. Yeomans, Mrs. Edna Parcher, D. E. Hotchkin, Misses Dessa Gault, Lillian Lindholm, Messrs. Fred Lewis, Phillip Parcher, W. G. Sawyers, Joseph Brown, Howard Watson, Raymond Watson, Harrison Gibson, Roland Murray and Professor C. E. Wells. The visitors of the evening were Mrs. W. H. Allen, Miss Nora Ritze, Miss Mae Harvey and Mr. A. F. Harvey. The other members of this class are: Misses Helen Leffler, Nelle Hudson, Maude Ramage, Alice Martin, Carrie Hopkins, Messrs. Otis Gault, Paul Leffler, Glen Goff, Don Davis, Roy Lippman.

Relatives Showered Them.

Mr. and Mrs. Clun P. Price, who went to housekeeping two weeks ago at 316 South Main street, were given a miscellaneous shower Monday evening by their relatives. Mr. and Mrs. Price celebrated their first wedding anniversary when they started housekeeping two weeks ago, and their friends thought it worthy of recognition. They received several nice presents. Those present were Mr. and Mrs. John Price and family, Mr. and Mrs. W. B. Price and family, Mr. and Mrs. R. S. Braniger, Mr. and Mrs. J. G. Price and family and their guests, Mr. and Mrs. A. R. Garrett of Silverton, Col.

Attorney M. E. Ford returned Wednesday noon from a three weeks' business trip in Texas and Oklahoma.

ROOSEVELT GETS MORE DELEGATES

Fourth and Eighth Kansas Districts Favor Ex-President.

CLAIMS CONTROL OF FIFTH ALSO

Forty-One Counties Have Already Selected Representatives for State Convention at Independence in May.

Topeka, April 24.— Roosevelt now lacks less than 100 votes of enough to control the state convention at Independence May 8, with more than one-half the counties yet to hold their conventions.

He carried the fourth and eighth congressional districts and assured his control of the fifth district, which means the six delegates to the national convention from these districts for him. The second had already been carried for Roosevelt, thus giving him eight of the 20 votes from Kansas.

Allen County Also.

In Allen county, the home of Charles F. Scott, which had been conceded to Taft up to the holding of the primaries Saturday, the Roosevelt men controlled the convention and elected the delegates to the state and congressional conventions. Allen county is in the second district. Every county in the district has gone for Roosevelt except Miami, Linn and Anderson, which are yet to hold their conventions.

Barton county, in the seventh district, and Trego county, in the sixth district, both elected Roosevelt delegates.

Roosevelt's total vote now in the number of delegates elected to the state convention is 383. It requires 450 to control and name the four delegates-at-large.

EDITOR ARRESTED FOR MURDER

H. O. Jeffries of the Nowata, Ok., Advertiser Held for Death of Mrs. Irene Goheen.

Nowata, Ok., April 24.—A plaster cost of the footprints of the horse owned by H. O. Jeffries, editor of the Nowata Advertiser, led to the arrest of Jeffries on a charge of having murdered Mrs. Irene Goheen, formerly his advertising solicitor. Shoes worn by his horse exactly fitted the tracks in the mud at the scene of the crime and detectives assert that Jeffries owned the only animal in the community which wore regulation racing shoes. They assert Jeffries was at the home of Mrs. Goheen until 10 o'clock of the night on which the crime occurred.

MAP OF THE SAINTS' HIGHWAY.

SAY IT IS THE BEST

(Continued from page 1.)

7,000 people, has good public buildings, is a railroad center and is progressive in every way.

Mr. Wright stopped here forty minutes for lunch, and after lunch started for Orient, fourteen miles to the northwest. In leaving Creston you go to the fair grounds and go north and west a mile at a time, until you have gone four miles west and then the road leads north into Orient, which was reached at 12:20 p. m.

Greenfield was reached at 12:50 p. m. and is seven miles north of Orient. Mr. Wright stopped thirty minutes in Greenfield.

Thus the run to Menlo was begun, and, after a spin of eighteen miles, the city, which marks the turn to the east, was reached at 2:30 p. m. From this city on Mr. Wright followed the White Pole line to Des Moines, passing through the following towns: Stewart, five miles, at 2:55 p. m.; Dexter, eight miles, at 3:15 p. m.; Earlham, seven miles, at 3:45 p. m.; DeSota, nine miles, at 4:10 p. m.; Van Meter, four miles, 4:20 p. m., and then twenty-one miles to Des Moines, which was reached at 5:30 p. m.

The traveler, however, can choose another route and go north two miles east of Earlham and twenty-nine miles west of Des Moines to Adel, which is on the River-to-River road, and by so doing avoid some very steep hills between Earlham and Des Moines on the White Pole line.

The distance from St. Joseph to Des Moines is about 221 miles, and can be made in a day if one wishes to.

State Highway Engineer Curtis Hill of Missouri says that the road from St. Joseph to Kansas City will be made a rock road this year and will link in with the Saints' Highway, making the best route from Kansas City to Des Moines.

TITANIC LOOKOUT HAD NO SPYGLASS

Evidence Shows Little Attention Was Paid to Safety.

SAILORS WERE INEXPERIENCED

Dismay and Franklin Show Anxiety to Get Away From Committee Conducting Inquiry—Must Stay as Long as Needed.

Washington, April 24.—Like the missing horseshoe nail that cost a monarch his kingdom, the failure to provide binoculars or spyglasses for the lookouts on the Titanic was one contributing cause of that ship's loss and, with it, the loss of more than 1,600 lives.

Two witnesses before the senate investigating committee have agreed on this. They were Frederick Fleet, a lookout on the liner, and Maj. Arthur Godfrey Peuchen, Canadian manufacturer and yachtsman, who was among the rescued passengers.

Fleet acknowledged that if he had been aided in his observations by a good glass probably he could have spied the berg into which the ship crashed in time to have warned the bridge to avoid it.

Asked For and Refused.

It was made to appear that the blame for being without glasses did not rest with the lookout men. Fleet said they had asked for them at Southampton and were told there were none for them. One glass, in a pinch, would have served in the crow's nest.

Maj. Peuchen criticised in strong terms the lack of experienced sailors on board the Titanic. He said that when the call to quarters was sounded not enough of the crew responded to undertake the work required in lowering and filling the boats. Furthermore, he said, no drills had been held from the time the ship left Southampton, although it was customary to hold such drills every Sunday.

No Criticism of Captain.

Maj. Peuchen read a statement in order to make clear his position as follows:

"I do not criticise Capt. Smith, but I do criticise the policy and methods pursued by the company, for I feel sure that in this case caution would have averted a terrible calamity. I have been given credit for saying many things that are untrue, and I wish to state that I have not said any personal or unkind things about Capt. Smith."

The major then was excused.

Officials Want to Leave.

J. Bruce Ismay, managing director of the International Mercantile Marine, and Vice-President P. A. S. Franklin of the White Star line urgently requested the committee to permit them to return to New York.

In executive session at the close of the hearing the committee declined to allow either to leave Washington until he is no longer needed. Mr. Ismay was to have been recalled to the witness stand during the day, but may be recalled later, though that has not been determined.

It was decided also to call on more passenger witnesses until all the British witnesses had been heard. The committee also decided to delay other important business before it until the Titanic inquiry had proceeded further.

WOMEN DROWN FORDING STREAM

Horse and Buggy Found in River Ten Miles Below Crossing Started Inquiry.

Springfield, Mo., April 24.—The discovery of a horse and buggy in midstream ten miles downstream from the James river ford, two and one half miles east of Ozark, started an investigation which resulted in the finding of the bodies of two women in the swollen waters of the James river early in the morning. Mrs. Sarah Watkins, 79 years old, and daughter, Miss Susan Watkins, 35 years old, attempted to ford the James river late in the afternoon. The horse was rescued. Eight children survive. The daughter was crippled.

ATHLETE KILLED AT PRACTICE

High School Pupil Struck by Discus Thrown by Members of Track Team.

Macomb, Ill., April 24.—John Duncan, 16 years old, a high school pupil, was killed here when he was struck on the head by a discus with which members of the track team were practicing.

Duncan was standing near the ring when another athlete was hurling the weight and watched a boy throw the discus back to the performer. Instead of sailing, the weight turned its flat side toward Duncan and struck him just above the left temple. Duncan had been trying out for a place on the track team.

Fire at Rich Hill.

Rich Hill, Mo., April 24.—Rich Hill had another big fire early in the morning when a part of the lumber yard of S. C. Williamson was consumed. The numerous fires here recently are said by the police to be the work of incendiaries. The Williamson loss is not less than $5,000.

A MEASURE OF MERIT.

Maryville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence.
Convincing evidence in Maryville.
Is not the testimony of strangers,
But the endorsement of Maryville people.

That's the kind of proof given here—
The statement of a Maryville citizen.

J. A. Murphy, 805 East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney trouble and lumbago. I got up in the morning so stiff and lame with such a dull aching across my loins that I could hardly do my work. I suffered a great deal from kidney trouble, whenever I caught cold and the kidney secretions were dark and filled with sediment. My health failed and I was miserable when I read about Doan's Kidney Pills. I got a box of this remedy at Love's drug store (now Love & Gaugh's drug store), and it went at once to the seat of my trouble and corrected it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
